Harold,

What's up my friend, how's life treating you these days. I pray this letter finds you and all your love ones in the very best of health and high spirits. For me I'm taking it one day at a time. I've learned a great deal about life being here, and the true reality of life. Once released I'm going to buy and auto lift and reopen my garage. I've always dreamed of running my own auto shop. The auto lift is $2,300.00 which isn't to bad a price, I can do so much work with be able to raise a auto up in the air. Makes working on them alot easier. So how's your wife and yourself, how's your health coming along. Listen to what the doctors tells you they know best. You'l miss very much stoping by and visiting you from time to time. You know I would have been by if I wasn't here. Tell your wife I said hi, and may God Bless you both always. I have always wonder what will you do with all those files one day, who will carry on your fight for justic have you ever thought

about that. You know I would love to be the one to carry on that quest for you, its always been so important to you to have justic come forth with the truth. Its plain to see that their were more parties involved in those two killings. Well Im sure you need your rest my friend so Ill close for now my friend. You take care and know Im always thinking of you. God Bless you both and may God always keep you in the palm of His precious hands.

Love, Care and
respect you,

Larry,
